Carly and the Hidden Treasure

Parent card · watch, talk, do

Watch together

- Watch the episode together and sing the song at the end. Pause when Nora asks what is hiding under the ground.

Talk about it

- How did Nora feel when Carly popped out?
- What grows under the ground, and what grows on top?
- Long ago carrots were purple and yellow. Which colour would you like to try?

Now you! (10 minutes)

- Little helper: wash and scrub carrots together.
- Carrot top garden: put the cut top of a carrot in a saucer of water on a sunny windowsill and watch new leaves grow.

In your family profile

Grown-up tip

- Hard raw carrot pieces are a choking risk for young children: cook them soft and cut into sticks.
- Ask about feelings, not only facts: "How would you feel if you found a treasure?"
